Candidate-submitted response. The answers below were received through the 2026 candidate survey form and are reproduced as submitted, with only formatting changes. Publicly researched positions were not used. Publication does not constitute an endorsement by Wyoming Family Alliance Action.

1

1. Abortion is the intentional act of ending the life of another human being, while in the womb. Lawmakers should work to promote and protect the value of human life from conception to natural death, rather than further expansions of abortion access. (HB126-2026; HB42-2025; HB 148-2024)

RESPONSE Strongly Agree

I am an Evangelical Christian, believing that the Bible is the inherent word of God. Proverbs 6:16 states, "these six things the Lord hates," vs 17..."hands that shed innocent blood." what could be more innocent than a baby in its mamas womb! We must stop the law fair against the Pro-life movement.

2

2. The danger of chemical abortion has been heavily researched (see EPPC study). Lawmakers should work to ensure that women are fully informed and receive a medical examination prior to receiving such drugs. (HB64-2025; HB117-2026)

RESPONSE Strongly Agree

I am against chemical abortion, all abortion. The effects it has on the mother-spiritually, emotionally, mentally, our lifelong consequences of this sin.

3

3. Individuals and faith-based entities should have the right of conscience to freely live out their sincerely held convictions without fear of government infringement or retaliation. (HB 207-2025; SF 77-2025)

RESPONSE Strongly Agree

The freedom to worship was infringed upon during the Covid scare.

4

4. Medical personnel should not be required to participate in any medical procedure or service that conflicts with the individual's sincerely held moral, ethical, or religious beliefs. (SF111-2023; HB143-2026)

RESPONSE Strongly Agree

I believe that medical personnel are still pressured by their employer to perform medical procedures that conflicts with their religious beliefs.

5

5. Lawmakers should protect minors by ensuring that government-funded spaces, including libraries and public schools, restrict access to sexually explicit content, while recognizing the right of parents to make decisions regarding their minor children's access to such materials. (HB10-2026)

RESPONSE Strongly Agree

Specifically, HB 10 is the reason why I'm running for Senate. During the last days of the budget session of 26 the house was working till late night. The Senate, on the other hand, shut down early. If I'm elected, I will support real conservative leadership in the Senate, And if needed, will call them out for holding such festivities as a "pizza party"

6

6. Wyoming should recognize biological differences between men and women and protect girls' sports, locker rooms, and sex-designated spaces. (SF 44-2025; SF 62-2025; HB 72-2025; HB 32-2025; SF133-2023)

RESPONSE Strongly Agree

There are only two sexes. Most of the time men are much stronger physically. As a grandfather of two successful female athletes, I strongly agree.

7

7. Lawmakers should support legislation that helps parents stand up to government entities that attempt to circumvent their rights in raising their children. (Sf 09-2024; HB 200-2025)

RESPONSE Strongly Agree

Parents are the ultimate authority on "raising up their child". Parents know best which form of education is best for their child. For instance, the counseling that was performed by Sweetwater public schools to a handful children was illegal, and should never be tolerated.

8

8. Lawmakers should allow education funding to follow the child and protect parents' freedom to choose public, public charter, private, or homeschool options. (HB 166-2024; SF 61-2024; HB 199-2025; HB 94-2025; HB 46-2025; HB 23-2026)

RESPONSE Strongly Agree

I support ESA's! Our three grandchildren in Arizona are flourishing in the homeschool environment. Examples are classical piano lessons starting at kindergarten, jujutsu classes, starting in second grade, and Latin classes starting in the third grade.!

9

9. Lawmakers should support open enrollment policies that allow students to attend schools regardless of their geographic address. (SF 109-2025)

RESPONSE Strongly Agree

Competition is a good thing!

10

10. Lawmakers should ensure that public schools and post-secondary educational institutions do not seek to enforce DEI (Diversity, Equity, and Inclusion) mandates, which promote discrimination by dividing individuals into classes of “oppressed” and “oppressor.” (SF 103-2025; HB 147-2025)

RESPONSE Strongly Agree

Hard work, ability, education, and attitude should be the attributes considered for scholarship, employment, accolades. Heading up a grass roots protest here in Wheatland, I was able to expose UW's DEI policies to this community.

Candidate responses are shown verbatim except for typographic normalization needed for document rendering.
