1

1. Abortion is the intentional act of ending the life of another human being, while in the womb. Lawmakers should work to promote and protect the value of human life from conception to natural death, rather than further expansions of abortion access. (HB126-2026; HB42-2025; HB 148-2024)

RESPONSE Strongly Agree

Pro life and always willing to work with others to find a path to protect life

2

2. The danger of chemical abortion has been heavily researched (see EPPC study). Lawmakers should work to ensure that women are fully informed and receive a medical examination prior to receiving such drugs. (HB64-2025; HB117-2026)

RESPONSE Strongly Agree

Seems like this should be done by a doctor that truly informs the patient

3

3. Individuals and faith-based entities should have the right of conscience to freely live out their sincerely held convictions without fear of government infringement or retaliation. (HB 207-2025; SF 77-2025)

RESPONSE Strongly Agree

Absolutely

- 4** *4. Medical personnel should not be required to participate in any medical procedure or service that conflicts with the individual's sincerely held moral, ethical, or religious beliefs. (SF111-2023; HB143-2026)*

RESPONSE Strongly Agree

I strongly agree with this, but we always need to keep in mind that a doctor always has to take an oath. This is why education to the patient is so important.

- 5** *5. Lawmakers should protect minors by ensuring that government-funded spaces, including libraries and public schools, restrict access to sexually explicit content, while recognizing the right of parents to make decisions regarding their minor children's access to such materials. (HB10-2026)*

RESPONSE Strongly Agree

I was in favor of House Bill 10

- 6** *6. Wyoming should recognize biological differences between men and women and protect girls' sports, locker rooms, and sex-designated spaces. (SF 44-2025; SF 62-2025; HB 72-2025; HB 32-2025; SF133-2023)*

RESPONSE Strongly Agree

Science doesn't lie

- 7** *7. Lawmakers should support legislation that helps parents stand up to government entities that attempt to circumvent their rights in raising their children. (Sf 09-2024; HB 200-2025)*

RESPONSE Strongly Agree

I agree, one time government should get involved would be in cases of neglect, or other underlying circumstances that the child is in danger

- 8** *8. Lawmakers should allow education funding to follow the child and protect parents' freedom to choose public, public charter, private, or homeschool options. (HB 166-2024; SF 61-2024; HB 199-2025; HB 94-2025; HB 46-2025; HB 23-2026)*

RESPONSE Strongly Agree

I have a daughter with developmental disabilities and I believe that a parent should be able to decide what's best for their child education

- 9** *9. Lawmakers should support open enrollment policies that allow students to attend schools regardless of their geographic address. (SF 109-2025)*

RESPONSE Agree

I believe in the state of Wyoming that local school districts can already do this. Let's keep that in place in order for our local elected school boards to do. What's right for our communities because not every community is the same.

10

10. Lawmakers should ensure that public schools and post-secondary educational institutions do not seek to enforce DEI (Diversity, Equity, and Inclusion) mandates, which promote discrimination by dividing individuals into classes of “oppressed” and “oppressor.” (SF 103-2025; HB 147-2025)

RESPONSE Strongly Agree

It has become more parent that we are picking winners and losers in government when it comes to DEI, I believe that eliminating DEI could possibly stop discrimination
