1

1. Abortion is the intentional act of ending the life of another human being, while in the womb. Lawmakers should work to promote and protect the value of human life from conception to natural death, rather than further expansions of abortion access. (HB126-2026; HB42-2025; HB 148-2024)

RESPONSE Strongly Agree

Conception is the beginning of life of a person.

2

2. The danger of chemical abortion has been heavily researched (see EPPC study). Lawmakers should work to ensure that women are fully informed and receive a medical examination prior to receiving such drugs. (HB64-2025; HB117-2026)

RESPONSE Strongly Agree

I believe in Wyoming a prescription should be required, serious health issues and even the death of the mother could result .

3

3. Individuals and faith-based entities should have the right of conscience to freely live out their sincerely held convictions without fear of government infringement or retaliation. (HB 207-2025; SF 77-2025)

RESPONSE Strongly Agree

Article 1 sec. 18 of the Wyoming Constitution

4

4. Medical personnel should not be required to participate in any medical procedure or service that conflicts with the individual's sincerely held moral, ethical, or religious beliefs. (SF111-2023; HB143-2026)

RESPONSE Strongly Agree

The liberty of conscience shall not be used to justify practices of the state to require a person to make that choice.

5

5. Lawmakers should protect minors by ensuring that government-funded spaces, including libraries and public schools, restrict access to sexually explicit content, while recognizing the right of parents to make decisions regarding their minor children's access to such materials. (HB10-2026)

RESPONSE Strongly Agree

The moral teachings of our children need to be protected.

6

6. Wyoming should recognize biological differences between men and women and protect girls' sports, locker rooms, and sex-designated spaces. (SF 44-2025; SF 62-2025; HB 72-2025; HB 32-2025; SF133-2023)

RESPONSE Strongly Agree

Sexual transitioning is not a right of the individual but a mental health issue the state should protect.

7

7. Lawmakers should support legislation that helps parents stand up to government entities that attempt to circumvent their rights in raising their children. (Sf 09-2024; HB 200-2025)

RESPONSE Strongly Agree

The parents are the ultimate protector of their children and the state should not interfere.

8

8. Lawmakers should allow education funding to follow the child and protect parents' freedom to choose public, public charter, private, or homeschool options. (HB 166-2024; SF 61-2024; HB 199-2025; HB 94-2025; HB 46-2025; HB 23-2026)

RESPONSE Strongly Agree

Parents are the ultimate decision makers for children.

9

9. Lawmakers should support open enrollment policies that allow students to attend schools regardless of their geographic address. (SF 109-2025)

RESPONSE Strongly Agree

One size does not fit all.

10

10. Lawmakers should ensure that public schools and post-secondary educational institutions do not seek to enforce DEI (Diversity, Equity, and Inclusion) mandates, which promote discrimination by dividing individuals into classes of "oppressed" and "oppressor." (SF 103-2025; HB 147-2025)

RESPONSE Strongly Agree

DEI is meant to divide us into smaller groups that can be controlled.
